

# Proposal for Annual Event

We cordially invite all interested Fellows to submit proposals to host our esteemed annual event, featuring both the Symposium and Awards Ceremony, typically held in October each year. An essential criterion for proposals is to ensure that the selected theme resonates with all divisions within EurASc.

Candidates are kindly requested to thoroughly assess venue availability and demonstrate a strong commitment to engaging potential sponsors. The flawless execution of this event heavily relies on active involvement in sponsor acquisition efforts.

We strongly encourage all members to seize this opportunity and contribute significantly to fostering the ongoing success of EurASc events.

Thank you for your attention and interest.
